Gary was a marvelous professor. I was very nervous about taking calculus but he thoroughly explains the material and makes himself available during and outside of his scheduled office hours. You can clearly see he has a passion for the subject and hopes others can have that same passion with understanding.
HE'S VERY HELPFUL, PATIENT AND SUPPORTIVE. GIVES CONSTRUCTIVE CRITICISM AND ALSO ENSURES EVERY STUDENT UNDERSTANDS CONCEPTS. VERY KNOWLEDGEABLE!
He was very good at being prepared for class, he gets material graded very quickly and made learning calculus fun and tolerable.
He went through many example problems and taught why something worked instead of only how to solve it. Office hours were very helpful.
